

Calling All Caregivers!

Throughout our lives, we are often called to be a caregiver either as a babysitter for grandchildren, caring for an aging parent or spouse, delivering meals or helping a neighbor to name a few instances. Being a caregiver involves a commitment of love, giving and serving one another. Very often people do not realize that they will someday be called to serve in this capacity. On Wed. March 6 at 10:30 in the St. Ambrose Conference Room, The Mary and Martha Sisterhood invite you to hear Dr. Thomas Carroll speak on the role of caregivers. He will discuss the difficulties, feelings and ways to have caregivers also take care of oneself. Dr. Carroll earlier spoke to our group on the dignity of dying and we are looking forward to his return visit. There will be an opportunity for discussion and questions.
